- Beginning July 27, call **808-586-4462** to confirm eligibility and make an appointment.
- The call line will be open Monday-Friday from 7:45 AM - 4:30 PM. Leave a voicemail after hours.

PEP++

Expanded Post-Exposure Prophylaxis

Available Now

Eligibility

Gay, bisexual, and other men who have sex with men and transgender individuals with high risk intimate contact in venues (sex-on-premises events, bathhouses, sex clubs) or areas where monkeypox is known to be spreading in the last 14 days

Availability

- Available now as supply allows
- Beginning July 27, call **808-586-4462** to confirm eligibility and make an appointment.
- The call line will be open Monday-Friday from 7:45 AM - 4:30 PM. Leave a voicemail after hours.

PrEP

Pre-Exposure Prophylaxis

Anticipated Late Summer/Fall 2022

Anticipated Eligibility

1. Gay, bisexual, and other men who have sex with men and transgender individuals who have at least one of the following risk criteria:
 - a. Poorly controlled HIV
 - b. Syphilis or gonorrhea in the prior 1 year
 - c. Take HIV PrEP and have more than one sex partner
 - d. Perform sex work
 - e. Multiple or anonymous sex partners (e.g., dating apps) in the last 3 months
 - f. Participate in group sex
 - g. Attend, work, or volunteer at sex-on-premises events (e.g. at private homes) or venues (e.g. bathhouse, sex clubs)
2. Persons with poorly controlled HIV (CD4 \leq 200 cells/mm³, persistent HIV viral load >copies/mL, or a recent HIV-related illness) who have a high-risk household member or sexual partner

Eligibility for JYNNEOS vaccination for the prevention of monkeypox infection may change as the outbreak evolves and based on vaccine supply. JYNNEOS is currently available to Hawaii residents age 18 and older.
